• CAREER OBJECTIVE

- Computer Science graduate with hands-on experience in Data Analytic, Machine Learning, and full-stack development. Proficient in Python, Power BI, MySQL, and ML frameworks, with proven ability to solve real-world business problems through data-driven solutions. Seeking a full-time role as a Data Analyst or Junior Data Scientist to deliver meaningful insights and grow toward an ML Engineering career.

• EDUCATION

- **Bachelors of Engineering in Computer Science** **June 2022 - May 2026**
Shri S'ad Vidya Mandal Institute of Technology (CGPA – 9.42/10)
- **Higher Secondary Education** **Jan 2021 - May 2022**
Auxilium School (GPA - 48/100)
- **Secondary Education** **Jan 2020 - May 2021**
Auxilium School (GPA - 8.5/100)

• ACADEMIC PROJECTS

- **ITCG Sales insight end-to-end project** (Company Project)
Technologies: Excel -> MySQL->Python->Power Query->DAX->Power BI Desktop->Dashboard.
- **Doctor Appointment End-to-End Project** (Personal Project)
Technologies: Website (PHP)-> MYSQL ->Power Query-> DAX->Power BI Desktop->Dashboard.
- **Vendor/Customer Registration form**(company real world problem solving)
Technologies: HTML, CSS, Javascript, Python, MySQL.
- **Time-Based Stock Price Prediction for Tesla Using Machine Learning** (Personal Project)
Technologies: Python, Scikit-learn, TensorFlow/Keras, Pandas, NumPy, Matplotlib, Seaborn
- **Image Classification using AI** (Team Project)
Technologies: Machine Learning techniques, Python, Tensorflow.

• EXPERIENCE

- **ITCG Solutions PVT LTD (Internship)** **01/2025-Present**
Data Analyst
Data Connectivity, Data Understand, Requirement Gathering, Data Cleaning, Dashboard, Business Insights.
- **BrainyBeam Info-Tech PVT LTD (Internship)** **07/2025-07/2025**
Data Science and Machine Learning
Time-Based Stock Price Prediction for TESLA using ML.

• TECHNICAL/SOFT SKILLS

- **Development:** Python, HTML, CSS, PHP, Excel, Power BI, Machine Learning, Artificial Intelligence .
- **Soft Skills:** Communication, fast learner.

• CERTIFICATES

- Walmart Sparkathon 2025 – Participant
- Tata Group – GenAI Powered Data Analytics Job Simulation (Forage) – Jul 2025
Completed hands-on tasks in data cleaning, analytics, and AI-driven insights using real business scenarios.
- IBM – Introduction to Data Concepts – Jun 2025
Learned fundamentals of data management, visualization, and enterprise-level data infrastructure.
